

# UNIVERSITY SCHOLARSHIP

**JOHN  
HOLLAND**

FOR THE OUTSTANDING ACHIEVEMENTS IN STUDIES RELATED TO THE CONSTRUCTION, BUILDING OR RELATED INDUSTRIES

## PURPOSE AND RECOGNITION

This award recognises outstanding female students who are currently studying who have the potential to significantly contribute to the industry.

The successful recipient will receive a \$4000 scholarship to assist with future education and training in the recipient's field.

Nominees will be assessed by a panel of industry volunteers based only on how they have made a substantial contribution to the construction, building or related industries in New South Wales

## ELIGIBILITY

Any female university (undergraduate or postgraduate) student attending a New South Wales tertiary institution, currently undertaking a course related to the construction, building or related industries is eligible for this award. The applicant must not be already be in receipt of a scholarship or employer study contribution.

Nominations for this award may be made by a nominee or a third party, provided that the nominee has provided their consent to the nomination

## NOMINATION ATTACHMENTS

- nominee biography. [View Template Here](#)
- evidence of high achievement on a tertiary assessment or in the nominee's overall academic results
- a letter of endorsement to support the nomination from nominees manager or client

- a letter confirming nominees employment
- a written reference from a lecturer or tutor in support of the nominee that confirms their enrollment in a NSW tertiary institution.
- a good quality, professional image of the nominee

Note that if the nomination for this Award is successful, the nominee must provide a written summary to the Sponsor and NAWIC outlining how the nominee intends to utilise the scholarship, for approval. Proposals must be submitted by 31st May 2024 or as otherwise stated by NAWIC. Personal support to the nominee in professional development activities can be listed in the proposal but must not exceed 50% of the total funds (e.g. childcare, respite care of elder, transport, accommodation and food away from home).

contribute to a positive future for the industry  
Maximum 350 words

Detail what the nominee hopes to achieve if successful in receiving the scholarship funding  
Maximum 350 words

## 2022 WINNER | MIRANDA SWIFT, NORTHROP

Studying a double degree in civil engineering while balancing full-time work as Northrop's youngest cadet engineer in Newcastle, 21-year-old Miranda Swift already has five years of construction industry experience under her belt. An ambassador, mentor and keynote speaker, Miranda is developing sustainable design solutions while partnering with an Australian workwear company to create an inclusive range of office wear for young girls.
